

# What our customers say

**Ravi Gobin**

Tunnel Surveyor  
Peace River Hydro Partners

20+ years experience in  
both surface and  
underground construction

"Amberg Tunnel is robust, powerful and most importantly reliable.

I use Amberg as it offers all the tools needed under one platform, from design to field and reporting in a neat and comprehensive manner.

The interface is simple, intuitive and above all very user friendly.

The support team is knowledgeable, amazing and always available when needed."
