

Amberg Technologies AG is a leading provider of integrated high-precision measuring system solutions for recording and analysis of structural information in the infrastructure sector. In-depth knowledge and a consistent focus of business activities on the field of infrastructure construction, especially tunnel and railway construction lead to world-renowned high-quality system solutions. Amberg Technologies AG is a Swiss SME operating worldwide within the Amberg Group.

We seek to fill the vacant position as

Application Engineer Tunnel 100%

Key Responsibilities:

- Requirements engineering and drafting of specifications for soft- and hard-ware development of measurement equipment deployed in construction and maintenance of Tunnels
- Actively support the affiliated teams throughout the entire development phase, also including validation and quality assurance
- Proactively develop skills in end-users' application know-how
- Ensure that product development concepts and roadmaps are aligned
- Conduct system validations in the market and for key clients
- Create and maintain technical product documentation
- Assist sales and support in conducting product / training presentations

Desired Skills:

- A BSc. degree in Surveying / Geomatics / Civil Engineering is required
- Ideally, you have a practical background in the Geomatics, Geodesy and have interests in underground constructing
- Affinity for product and application development
- Dynamic professional with some years of work experience
- Willingness to travel (approx. 20%)
- Very good written and spoken command of English (German or other languages is an asset)

Benefits:

- A motivated team awaits you along with a diverse and challenging position
- Great professional and personal growth opportunities
- Internal and external training offerings
- Flexible working hours

If you are accepting the challenges of our roadmap, let us know how you can contribute. We are on an exciting path and able to offer an attractive working environment for a creative, flexible and inventive person, who tackles challenges with personal responsibility and quality awareness. We are looking forward receiving your application at job@amberg.ch.
